Helicopter Golf Ball Drop Fundraising

Let us bring fun and excitement to your next golf outing or event.

Tel: 508-746-3111

Event Information

Prior to the golf ball drop, the charity will sell numbered tickets which correspond to the golf balls being dropped. On the day of the event the numbered balls can either be supplied by the charity or by Ryan Rotors.

At the scheduled time the helicopter will fly in low over the trees for a flyby. As the golfers gather, the pilot will give a unique demonstration of the helicopter's capabilities.

Next the pilot will land to pick up the golf balls. With the golf balls and American Flag suspended beneath the helicopter it will pass by to ensure everyone in the crowd gets a good look.

On a final pass the skilled pilot will drop the golf balls on a predetermined pin. Hundreds of golf balls will shower down and land in a circle around the designated pin. Though every fundraiser is unique, here are some examples of how other groups have organized this event:

- Number of balls sold ranges from 500-1.500
- Cost per golf ball varies from \$5-\$20

Examples of determining the winner:

- Closest ball to the pin
- Closest 3 balls to the pin
- Farthest ball away from the pin

Examples of prizes:

- 50/50, set cash prizes, non-cash prizes
- Golf balls are dropped from 15-20 ft.
- ♦ \$50.00 charge for use of Ryan Rotors numbered golf balls.
- Prior scheduling and deposit required
- ♦ Ryan Rotors is not responsible for the sale of golf balls or the setup of the fundraiser.
